

Submission Call for **Off Script** **Stories from the Heart of Medicine**

Theme: Scrubbed

Submit a story for the Texas Medical Center's storytelling hour! The theme is *scrubbed*—tales of setting the stage or cleaning the slate. Have a story of attempting to reset? Of traces left behind? Interpret however you wish! We welcome submissions from all members of the TMC community—researchers, physicians, students, staff, and patients.

Visit <https://www.bcm.edu/centers/medical-ethics-and-health-policy/education/narrative-medicine> or email versalov@bcm.edu to submit a 600-900 word story sketch **by June 5th**. Those selected will be invited to workshop and share their stories at the main event on June 14th at the McGovern Medical School.

Questions? Email erika.versalovic@bcm.edu or andrew.childress@bcm.edu.
