5.9 Audit Students (revised 11/08/07)

BCM graduate students are allowed to attend any courses offered by the graduate school for no credit and without examination if the instructor approves. If a student wishes to audit a BCM graduate school course, the student must register (using this form) and obtain permission of their program director, advisor and the course director. Registration is completed by using the Audit Registration Form. For the course to be listed on the student's transcript (without any credit hours awarded toward graduation), the student must submit to the graduate school a course syllabus (dates, lecture titles and lecturer name only) in which the student's attends at 70% or more of the classes is documented by the lecturer's signature for each lecture attended. An audit student may not take examinations. If the student fails to submit an attendance document by end last day of the term, they will be withdrawn from the course and it will not appear on their transcript.
