Summer Walton

**Treasurer:**

Mary Robichaux

**Education Chairs:**

Navya Kumar & Lauren Pinzas

**Social Chairs:**

Kylie Wilson, Lauren Taylor, & Jannie Matar

**Service Chairs:**

Mary Fang & McKenna Gessner

## Resident Mixer

Residents and students recently met up at Axelrad to hang out and talk all things OBGYN. After a year of virtual events, it was great to see each other face-to-face and enjoy an evening out!

## Wine and Gyn

Dr. Gandhi hosted students for a virtual wine-and-gyn night on February 1<sup>st</sup>. They discussed racial disparities in postpartum pain management.

We hope to hold multiple in-person Wine and Gyn events this fall. If you are interested in hosting students for an article discussion please let us know!

## Service

**Girls Elevated**

Our students teamed up with faculty to teach young women in the community a wide variety of health topics including COVID vaccines, healthy habits, and healthy relationships.

## Mentorship

The first year of our newly remodeled mentorship program was success. We matched 11 MS3s with PGY-1s and 9 MS4s to PGY-2s to guide them through specialty decision, what to look for in programs, and more.

This fall we will be offering students mentorship pairings and will continue to match new MS3s with new PGY1s to facilitate application advice. This year's program will be officially kicked off with a meet and greet social for all participants in October.

## Research

The second semester of our research program revamp was a success! Students and faculty were both able to use our new system to find pairings for a range of projects. If you are looking for student assistance with a project, please fill out the following form using this [link](#) and we would be happy to pair you.
