HEALTH CARE CHOICES & COSTS

Baylor College of Medicine's Comprehensive Medical Plan offers three medical options, each are administered by UnitedHealthcare (UHC) and use the Choice or Choice Plus network of health care providers. Baylor offers an enhanced custom network made up of certain Baylor/CHI St. Luke's physicians (BSLMG) and facilities. This enhanced BSLMG network provides lower copays and higher coinsurance levels. A list of participants is located on the Human Resources - Benefits intranet page. *The Affordable Care Act requires a social security number for ALL dependents enrolled in the medical plans offered by BCM.*

Premium PPO Option *See rates in teal in table below*

- The Premium PPO option utilizes a network of physicians at negotiated rates. You can go to any physician or medical facility for services in the Premium PPO regardless of whether they are in or out-of-network. Your annual deductible, co-payment levels, and annual out-of-pocket maximum will be affected by whether or not you use a network physician or medical facility.
- Medical and prescription drug copays, coinsurance and deductible payments apply toward the out-of-pocket maximum. For example, if you are required to pay 20% of the network medical expense, that dollar amount will go toward satisfying your annual out-of-pocket maximum.

Value EPO Option *See rates in blue in table below*

- The Value EPO Option provides coverage for only those expenses provided exclusively by BSLMG or Choice network providers. If you seek treatment from an out-of-network provider, *no benefits will be paid* (unless it is a life threatening emergency).
- There is a deductible if you use a network facility or hospital. The deductible does **not** apply to physician office visits, but a copay is required.
- Medical and prescription drug copays, coinsurance and deductible payments apply toward the out-of-pocket maximum. For example, if you pay 25% of the network medical expense, that dollar amount will go toward satisfying your annual out-of-pocket maximum.

Health&Savings PPO Option *See rates in magenta in table below*

- The Health&Savings PPO option utilizes a network of physicians at negotiated rates. You can go to any physician or medical facility that services the Health&Savings PPO regardless of whether they are in or out-of-network. Your annual deductible and annual out-of-pocket maximum will be affected by whether or not you use network providers.
- This is a high deductible health plan (HDHP). You must satisfy your deductible before plan payments begin, including prescription drugs.
- All participants in the Health&Savings PPO option are eligible to open a Health Savings account (HSA). The HSA is a personal bank account and it is the responsibility of the account holder to manage their eligibility to contribute to the HSA.
- HSA deductions are made pre-tax from payroll, grow tax-free and are distributed tax free. Your HSA balance carries forward from year to year.
- You are not eligible to contribute to an HSA at any time that you:
 - are enrolled in any part of Medicare (including Part A, which is automatic with Social Security retirement income benefits)
 - received Veterans Administration (VA) benefits within the past three months
 - receive health benefits under TRICARE
 - can be claimed as a dependent on another person's tax return
 - can have medical expenses reimbursed under you or your spouse's healthcare Flexible Spending Account (FSA) in the same calendar year

Please refer to the Medical and Prescription Summary Plan Description and Summary of Benefit Coverage documents for detailed information regarding expenses covered under the Baylor College of Medicine Comprehensive Medical Plan. Documents can be found on the Human Resources - Benefits Intranet page.

FSA CHOICES

Flexible Spending Accounts (FSAs) UnitedHealthcare is the administrator for FSAs. FSAs are subject to Internal Revenue Service rules and regulations. You must plan carefully when using an FSA because if you don’t use the money in your FSA, you lose it. **Expenses must be incurred in 2022 and you have until March 31, 2023 to file for reimbursement.** When submitting an FSA claim for reimbursement, keep proof of claim submission including fax confirmation sheet or proof of mailing from the U.S. Postal Service.

Health Care FSA

- Not required to be enrolled in a medical plan to participate. If enrolled in a medical plan, however, must not be enrolled in a high-deductible plan, such as, the Health&Savings PPO.
- Set money aside before federal income and FICA taxes are withheld for reimbursement of out-of-pocket health care expenses not covered by a medical, dental, and/or vision plan.
- Health Care FSA maximum of \$2,850 on a pre-tax basis.
- Some eligible FSA expenses include your deductible, adult or children’s orthodontics, Lasik surgery, copays for office visits or prescription drugs, and certain over-the-counter drugs as defined in the Patient Protection and Affordable Care Act.

- Automatic reimbursement for Health Care FSA expenses is not available on ESS. After you’ve made your initial contribution, you must log onto www.myuhc.com and enroll for automatic reimbursement.

Dependent Care FSA

- Set money aside before federal income and FICA taxes are withheld for reimbursement of child care and elder care expenses.
- Dependent Care FSA maximum is \$5,000 per family on a pre-tax basis.
- To be eligible for Dependent Care FSA reimbursement, you must be dependent upon a care provider in order to go to work.

Health Care Spending Card (also used for Dependent Care expenses, if applicable) The Health Care Spending Card is a financial debit card linked to your Health Care or Dependent Care Flexible Spending Account (FSA). It is provided to all employees participating in the Health Care or Dependent Care FSA. Use your card to quickly and conveniently draw from your tax-advantaged FSA account(s) to pay for eligible expenses such as expenses at the doctor’s office, copays for prescription drugs and emergency room, deductibles for medical and dental, vision care copays, and some dependent care facilities.

HSA CHOICES

Health Savings Accounts (HSAs) If you select the Health&Savings PPO as your medical option, which is a high deductible health plan (HDHP), you are eligible to open a Health Savings Account (HSA). **If you elect an HSA, you will not be able to participate in the Health Care Flexible Spending Account.**

- HSAs are triple tax-advantaged. Contributions are pre-tax, earnings are tax free and distributions for qualified medical expenses are tax free.
- The HSA account belongs to you, so you decide how to spend it.
- Money left in your account carries over from year to year.
- The HSA account is yours even if you leave BCM or retire.
- You can withdraw money tax-free for qualified health expenses or you can watch your money grow tax free to pay future expenses.
- If you participate in the Health&Savings PPO and the HSA affiliated with BCM, BCM will contribute \$600 to employees with single coverage and \$1,200 for those with dependent coverage. (Amount prorated based on enrollment in the Health&Savings PPO and active HSA).
- For 2022, you can contribute into your HSA up to the IRS maximum of \$3,650/single coverage or \$7,300 for employees with dependent coverage.

- If you are 55 or older, you may contribute an additional \$1,000 as an annual catch-up contribution. *Note: If you would like to contribute the maximum contribution, please subtract BCM’s contribution to avoid penalties for exceeding the maximum contribution limit.*
- Optum Bank has been selected by BCM for your HSA contributions. To open an HSA account, use the following URL: <https://enrollhsa.optumbank.com/enrollment#/?group=704373>
- Once enrolled you will receive a Welcome Kit with detailed information from Optum Bank.
- If you enroll in Medicare part A and/or B, you can’t contribute to an HSA. However, you can withdraw funds from your HSA after you enroll in Medicare to pay for qualified medical expenses.

RETIREMENT CHOICES

401(a) Retirement Plan (Faculty/Staff)

BCM funds the 401(a) Retirement Plan as a core benefit for eligible employees. Your participation in this plan and the amount funded is based on your base annual salary including applicable fee income. You may invest this retirement contribution with Fidelity Investments and/or TIAA. After three years of service with BCM, you are 100% vested in your 401(a) account balance.

Since you are automatically enrolled in the 401(a) Plan, an account is set up in your name. The BCM contribution is a fixed percent of your base annual salary up to \$305,000. Postdoctoral Appointments are not eligible for the 401(a) Retirement plan.

403(b) Tax-Deferred Investment Plan

You are automatically enrolled at 3% of your salary in this voluntary plan that allows you to save for retirement on a tax-deferred basis. You can also choose to make Roth contributions on an after-tax basis.

Your contributions are automatically invested in the Fidelity State Street Target Retirement Funds, but you may elect to invest other funds chosen by BCM for the Plan with Fidelity Investments or TIAA. You may increase/decrease contributions at any time, up to the maximum allowed by law.

Your savings and investment earnings grow tax-free until you request a distribution of your funds.

You are always 100% vested in the money that you contribute to the 403(b) plan. The full value of your 403(b) Tax-Deferred Investment Plan account balance is payable when you retire, if you become disabled or die before retirement, or when you terminate your employment.

457(b) Deferred Compensation Plan

If you meet the eligibility requirements set forth by the College, you may be eligible to participate in the 457(b) Plan. This plan allows you to defer compensation in addition to the 403(b) Tax-Deferred Investment Plan, up to contribution limits that are

established by the Internal Revenue Service. Your contributions can be invested with Fidelity Investments and/or TIAA. Contact ask-retirement@bcm.edu for eligibility and enrollment information.

Are You Saving Enough? Studies estimate that health care expenses for a married couple in retirement are estimated to be \$250,000. The Retirement Healthcare Savings Plan (formerly Emeriti) provides group retiree health insurance that complements Medicare and a tax-advantaged reimbursement benefit for eligible employees and their dependents. BCM makes a contribution for eligible employees working a minimum of 20 hours a week who are age 40 and older. The funds are vested after you have 5 or more years of service with BCM. You can also choose to make after-tax contributions to the plan. Both contributions, plus earnings, accumulate tax-free and are paid out tax-free.

SUPPLEMENTAL LIFE INSURANCE CHOICES

Supplemental Life Insurance

See rates in teal in table below

Life insurance coverage in addition to the Basic Life insurance benefit provided by BCM at no cost to you (two times your base annual salary to a maximum of \$500,000).

- Choices are 1x, 2x, 3x, or 4x your base annual salary including applicable fee income up to a maximum of \$500,000.
- Cost is based on your age.
- Rates are based on monthly cost per \$1,000 of coverage with a \$500,000 maximum (or \$1 million maximum benefit when combined with Basic Life).
- These premiums are not subject to pre-tax treatment.
- Premiums may increase and coverage level may change during the calendar year due to change in age or salary.

Example: If you earn \$40,000 and are 37 years of age and you elect Supplemental Life coverage at two times your base annual salary, your amount of supplemental coverage is \$80,000 and your age factor is \$.054 per \$1,000 of coverage. Divide \$80,000 by 1,000 and multiply the result by \$.054 to calculate your monthly premium.

(\$40,000 × 2 = \$80,000 ÷ 1,000 = 80 × \$.054 = \$4.32/mo.)
