

### Credit Hour Requirements for Certificate Academic Programs

Program	Term Credit Hours*	Semester Credit Hours	Notes
Certificate	36-58	18-29	Certificate granting program
Certificate of Completion**	12-30	6-15	A stand-alone program with a length of <1 year.
Certificate of Added Qualification	12-20	6-10	Concurrent with other formal BCM training programs or activities, e.g. PhD degree or residency training.

Reviewed and Approved October 22, 2021

Alicia Monroe, M.D., Provost  
Baylor College of Medicine

\*\*Certificate of Completion and Certificate of Added Qualification semester credit hours are limited to 15 or less thereby avoiding the need to report these enrichment programs to The Texas Higher Education Coordinating Board. This also creates a clear gap between these programs and full certificate programs that require at least 18 semester credit hours.
