

Functional Genomics and Microbiome (FGM) Core Update

James Versalovic, M.D., Ph.D.

Pathologist-in-Chief & Head
Pathology & Immunology
Texas Children's Hospital

Daniel Kraushaar, PhD

Assistant Professor
Molecular and Cellular Biology
Baylor College of Medicine

Kristi Hoffman, PhD, MPH

Assistant Professor
Molecular Virology & Microbiology
Baylor College of Medicine

About this seminar: The FGM Core is a comprehensive resource with services including consultation on experimental design and specimen processing, robust data generation and analysis pipelines, bioinformatics strategies, and biostatistical support. We have created a fully integrated genomic and multi-omic analysis platform for investigators. Learn more about services offered by FGM during this seminar.
