5.9 Audit Students (revised 07/01/21)

BCM graduate students are allowed to audit any courses offered by the graduate school for no credit and without examination if the course director approves. If a student wishes to audit a BCM graduate school course, the student must register for an audit and obtain permission of their Program Director and the course director. Registration is completed by using the Add/Drop Form. For the course to be listed on the student's transcript (without any credit hours awarded toward graduation), the student must submit to the Graduate School a course syllabus (dates, lecture titles and lecturer name) in which the student's attendance at 70% or more of the classes is documented by the lecturer's signature for each lecture attended. An audit student may not take examinations. If the student fails to submit an attendance document by the last day of the term, they will be withdrawn from the course and it will not appear on their transcript.
