Baylor College of Medicine educates healthcare providers and scientists in programs considered among the elite in the world.

Degree programs at Baylor include:
- M.D. program
- Dual degree programs (M.D. plus Ph.D., M.B.A., M.P.H., or J.D.)
- Ph.D. programs
- A doctoral program in nurse anesthesia
- A physician assistant program
- An orthotics and prosthetics program
- A genetic counseling program

A diploma course in tropical medicine prepares individuals interested in this growing field for certification.

The College has over 100 ACGME-accredited programs, with others in the process, and more than 50 approved by the Texas Medical Board.

Practicing physicians throughout the Texas Medical Center and from around the world participate in our continuing medical education programs, including many free online offerings.
Baylor College of Medicine received $651 million in total funding from 2,990 sponsored project awards in fiscal year 2022.

Baylor ranks in the top 60 in the U.S. for Life Sciences and Medicine research in the 2022 QS World University Rankings.

The scale of Baylor’s research enterprise, the exceptional caliber of faculty we attract and the richness of biomedical research resources within the Texas Medical Center support creativity, innovation and discovery.

Patients are at the heart of everything we do.

To us, this means delivering individualized, cutting-edge diagnosis and treatment in a compassionate manner to everyone. Our patients have access to the latest advances in medicine thanks to close collaborations between our physicians and scientists.

Baylor’s private adult practice, Baylor Medicine, includes nationally and internationally recognized physician experts and care teams, offering an array of services from primary care to highly specialized procedures. Our physicians care for patients in locations within the Texas Medical Center as well as other Houston areas.
