Office of Accreditation and Education Effectiveness

The Office of Accreditation and Education Effectiveness (OAEE) is responsible for overseeing accreditation processes and ensuring the effectiveness of educational programs. Our primary focus is to maintain and enhance the quality of education provided at Baylor College of Medicine.

The Office of Accreditation and Education Effectiveness supports the Baylor College of Medicine education enterprise by:

- Facilitating institutional accreditation with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) and monitoring ongoing compliance with SACSCOC principles of accreditation
- Providing support for program-level specialized accreditation
- Coordinating ongoing assessment of educational programs and the college quality enhancement plan (QEP)
- Conducting and reporting the results of academic program reviews
- Conducting general institutional research and data analysis
- Reporting key academic performance metrics to federal, state and professional organizations
- Providing process expertise in the approval of substantial changes
- Managing educational affiliation agreements, observerships and external learners

IPEDS DATA FEEDBACK REPORT 2024 HIGHLIGHTS AND PEER INSTITUTIONS DASHBOARDS

The [IPEDS Data Feedback Report for Year 2024](#), released in January 2025 by the National Center for Education Statistics (NCES), offers an insightful comparison of Baylor College of Medicine (BCM) to its peer institutions at the national level. Key findings include:

Enrollment and Diversity

- BCM shows robust enrollment figures. Diversity remains a strength, with balanced enrollment across multiple racial and gender groups.
- Total 12-month enrollment is consistent, with full-time equivalent (FTE) enrollment aligning closely with the median of peer institutions.

Program Offerings

- BCM provides a broad range of programs and remains a leader in academic productivity. The number of degrees conferred in AY 2022-23 places BCM among the top performers in medical and health education.

Distance Education

- While BCM does not have students exclusively enrolled in distance education programs, it exceeds its peers in the proportion of students taking at least one distance education course. This indicates BCM's growing integration of virtual or hybrid learning components, striking a balance between traditional in-person learning and flexible, technology-driven education.

Core Revenues

- BCM stands out with 55% of its core revenue derived from private gifts, grants, and contracts – significantly higher than the peer median of 16%. This reflects a strong foundation of external support and funding.

Peer Institutions Dashboards

To delve deeper into how BCM compares with peer institutions, explore our interactive dashboards, updated with the latest IPEDS data for Academic Year 2023-24:

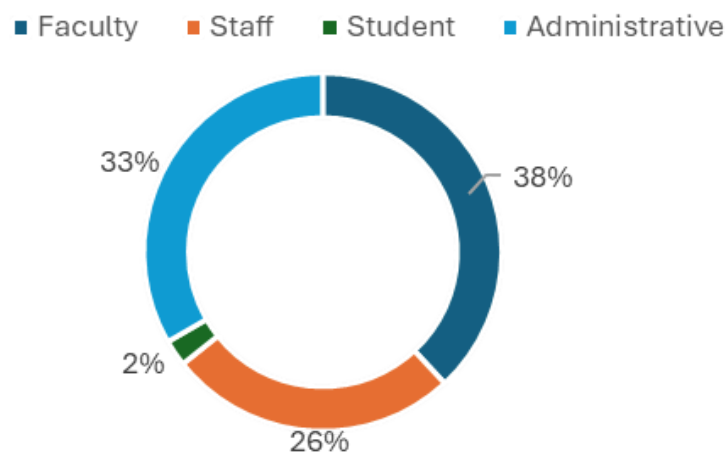

- Program Offerings: [Explore here](#)
- Enrollment and Student-to-Faculty Ratio: [Explore here](#)
- Degrees Awarded: [Explore here](#)

These dashboards provide in-depth analyses of BCM's standing in program diversity, student engagement, and degree conferral, allowing stakeholders to identify opportunities for growth and collaboration.

UNLOCKING THE POWER OF DATA: OAAE DATA REQUEST SERVICES

Did You Know? The Office of Accreditation and Education Effectiveness (OAAE) processed a remarkable number of data requests during the academic year 2023-24, showcasing the essential role of institutional research in driving success across Baylor. Whether you're submitting a grant, evaluating a program, or conducting research, OAAE's data request services are here to support your needs. Let's explore how we can help you unlock the power of data!

Who submitted a data request? OAAE serves a diverse group of stakeholders, including faculty, staff, students, and administrators. Our services ensure that you have access to accurate and timely data to support decision-making, accreditation, and strategic initiatives.

Why Submit a Data Request? In 2023-24, data requests spanned a wide range of purposes:

UNLOCKING THE POWER OF DATA: OAAE DATA REQUEST SERVICES

What Kind of Data is Requested? In AY 2023-24, the types of data requests from OAAE varied widely to meet the diverse needs of the BCM community. Here's a snapshot of the data request distribution:

Data Visualization (table, chart, graphics, Power BI dashboard)	1
Descriptive Statistics (count, min, max, mean, median, and standard deviations)	23
Inferential Statistics (hypothesis testing, regression, and etc.)	0
Raw Data	15
Other	2

How to Submit a Data Request? Getting started is simple! Visit our [OAAE Data Request Page](#) to learn more about the process and submit your request online. Our streamlined form ensures your request is routed to the right team member for prompt attention. The OAAE is committed to empowering the BCM community with data-driven insights. Let us partner with you to turn information into innovation and ideas into impact. Explore the possibilities today!

Leading the Way: OAAE at SACSCOC 2024

The Office of Accreditation and Education Effectiveness (OAAE) participated in this year's annual Southern Association of Colleges and Schools (SACSCOC) Conference in Austin, TX. They hosted two sessions, showcasing Baylor College of Medicine's leadership in accreditation.
