## Baylor College of Medicine educates healthcare providers and scientists in programs considered among the elite in the world.

Degree programs at Baylor include:

- M.D. program
- Dual degree programs (M.D. plus Ph.D., M.B.A., M.P.H., J.D. or M.S.)
- Ph.D. programs
- A doctoral program in nurse anesthesia
- A physician assistant program
- An orthotics and prosthetics program
- A genetic counseling program

A diploma course in tropical medicine prepares individuals interested in this growing field for certification.

The College has more than 100 ACGME-accredited programs, with others in process, and more than 50 approved by the Texas Medical Board.

Practicing physicians throughout the Texas Medical Center and from around the world participate in our continuing medical education programs, including many free online offerings.

*Baylor College of Medicine is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award masters and doctorate degrees. Questions about the accreditation of Baylor College of Medicine may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website ([www.sacscoc.org](http://www.sacscoc.org)).*

*The Commission should be contacted only if there is evidence that appears to support Baylor's significant non-compliance with a requirement or standard. To submit such evidence to SACSCOC, view Complaint Procedures Against SACSCOC or Its Accredited Institutions Policy Statement.*

**Baylor College of Medicine received \$687 million in total funding from 2,792 sponsored project awards in fiscal year 2023.**

In fiscal year 2022 (the most recently available data), the College ranked #20 among all U.S. medical schools for NIH funding, and #8 in the nation by the National Science Foundation for research expenditures in biological and biomedical sciences.

The scale of Baylor's research enterprise, the exceptional caliber of faculty we attract and the richness of biomedical research resources within the Texas Medical Center support creativity, innovation and discovery.
