

# 2023-24 Tuition and Fees: School of Health Professions

## Direct Expenses

The following tables show the direct expenses that are billed to students attending the four programs of the School of Health Professions at Baylor College of Medicine. Tuition and fees are subject to change.

Students are required to participate in the student health insurance plan offered by the school unless they are covered by a comparable plan and have received approval for a waiver by the Student Benefits Office.

Amounts listed are divided equally between Fall and Spring semester billing unless otherwise indicated.

## Cost of living Estimates

Cost of living are estimates of expenses that you will incur to go to school that you will not pay directly to Baylor College of Medicine. These costs you may have already budgeted, such as housing expenses, food, and transportation. The Student Financial Aid Office will provide you with an estimate of these costs based on sample data derived from the Houston area. We will use both the Cost of Living index and the number of months you will be enrolled at Baylor. Below is the chart we will use to estimate your expenses.

## Cost of Attendance for the School of Health Professions by Program

The Cost of Attendance is the combination of the direct expenses billed to you by Baylor College of Medicine and the estimated costs of living you will incur as a student. That cost of attendance is the maximum amount you will be able to receive in financial aid while you are studying at Baylor College of Medicine.

## Physician Assistant Program - Academic Year 2023-24

Physician Assistant Program 2023-2024 Cost of Attendance	First Year (PA1):	Second Year (PA2)*:	Third Year (PA3 - Fall term only):
