Pentecost Student International Travel Fund Application

The Patsy V. and L.V. Pentecost, M.D. '56 Endowed Fund is to support need-based travel costs for students with the following priorities:

- Primary: Support students in the Global Health Pathway Program and who have a desire to support the betterment of mankind.
- Secondary: Support students who do global healthcare work with religious organizations that desire to support the betterment of mankind.
- Tertiary: Remaining funds may be used for the travel costs of a physician faculty chaperone.

This funding opportunity will provide students with the necessary experiences to better prepare them for their future medical roles. In order to connect students with these funds, the Office of Student Affairs will need to develop a process that aligns with the endowment requirements, budget calendars, and overall BCM travel policies and procedures. The following is a request for funding for the OSA leadership to consider.

First and Last Name:	
MS Year:	
BCM ID:	
Travel Destination:	
Travel Timeframe:	
Total Amount Requested (Max \$5,000):	

Please provide a summary of your travel request and how it will help further your educational experience here at Baylor College of Medicine. (Maximum 250 words)

Please provide an itemized summary of how these endowment funds will be utilized for your international travel.

Applicant Signature: _____ Date: _____

*Please note: All students receiving financial aid will need to report any funding from this endowment to the Financial Aid office.
