INTERESTED IN TAKING PART IN THIS UNIQUE OPPORTUNITY?

01 Apply now!  
https://forms.office.com/r/JulHdy3D1P  
Application closes May 26.

02 Acceptance notifications  
Accepted teachers will be notified by June 2.

03 Prerequisite training  
Complete approximately 2 hours of required training prior to program.

04 Attend the in-person research opportunity  
July 10 - 27, 2023 (Mon-Thurs only)

TEACHER SUMMER RESEARCH OPPORTUNITY – BCM-BRITE
Summer 2023: July 10 - 27

This exciting program takes secondary teachers into the labs at Baylor College of Medicine, offering them hands-on research experience and exposure to some of the cutting-edge biotechnology in use today.

Teachers will develop lesson plans to implement in their classrooms to enhance STEM instruction based on their experiences.

BCM-BRITE PROGRAM OBJECTIVES:
- Receive a behind-the-scenes look at cutting-edge biomedical research.
- Experience current biotechnologies.
- Work in the lab to gain invaluable insights into the field of biomedical sciences.
- Create lesson plans to use with your students during the upcoming school year!

BENEFITS OF PARTICIPATING:
- Gain new knowledge and skills that will be passed along to your students, the future biomedical workforce!
- Participants who complete the program will receive a stipend of $3000.
