

**Are you interested in enhancing your knowledge and skills in genomic research?**

**If you are a doctoral student, postdoctoral fellow, resident, or faculty member, then we have an online training for you!**

CREiGS is an NIH/NHGRI funded, innovative, hybrid educational program for researchers engaged in clinical and translational science with limited background in the analysis of genetics/genomics data. Ultimately, those participating in CREiGS will have the opportunity to increase their scientific knowledge, methodologic rigor, and research capacity in clinical genome science.

*The CREiGS Short Course is supported by the National Human Genome Research Institute of the National Institutes of Health under award number R25HG011021.*

**Application deadline is August 16, 2021**
