

## Internship Admissions, Support, and Initial Placement Data

### INTERNSHIP PROGRAM TABLES

Date Program Tables were updated: August 30, 2021

| <b>Internship Program Admissions</b>   |   |     |           |
|--|---|-----|-----------|
| <p>The Psychology Internship Program at Baylor College of Medicine provides broad-based training within a scientist-practitioner model. Through a competency-based approach to training, the program prepares psychology doctoral students (PhD and PsyD) for subsequent licensure as psychologists. Before applying through APPIC, applicants should determine which training track(s) best matches their graduate training and career goals. For the upcoming training year, the program is offering 4 training tracks: 1) The Menninger Clinic - Adult Psychology Track (1 position), 2) TIRR Memorial Hermann - Rehabilitation Psychology/Neuropsychology Track (1 position), and 3) OCD and Related Disorders Track (4 positions), and Mood Disorders Track (1 position). Please reference our website (<a href="https://www.bcm.edu/psychology-internship">https://www.bcm.edu/psychology-internship</a>) for specific information about the training experiences offered in each track.</p> |   |     |           |
| Direct Contact Hours   | No  | Yes | Amount    |
| Does the program require that applicants have received a minimum number of Total Direct Contact Intervention Hours at the time of application? If Yes, indicate how many:  | <b>X</b>  |     | <b>NA</b> |
| Does the program require that applicants have received a minimum number of Total Direct Contact Assessment Hours at the time of application? If Yes, indicate how many:  | <b>X</b>  |     | <b>NA</b> |
