

# RAIVEN

Randomized Assessment  
of Influenza Vaccine Efficacy Network

We are looking for adult volunteers from the community, 18–64 years old, to participate in a research study to compare how well two different flu vaccines protect people from the flu.

## EARN UP TO \$195!

### What is involved?

- Receiving one of two FDA-licensed flu vaccines
- Responding to weekly text messages before and during the flu season
- Swabbing your nose if you experience flu-symptoms
- Answering a questionnaire at the end of the study
